

TPRI 1st Grade READ MOY Story 4 Bats

Bill and his family went camping in the woods last summer.

That was the first time Bill saw a bat. Kate is Bill's sister. Kate and Bill went looking for wood to help Mom and Dad make a fire. As it got dark, something zoomed right by Bill's head.

"Is that a bird or a very big bug?" Bill asked Kate. "No Bill, that is a bat. I saw bats before under the big bridge at home," Kate said. "Oh, no, I'm scared. It will bite me!" Bill said. Kate told Bill all about bats. She said that bats come out at night to eat insects. She told him that most bats are very small. She also said they try to stay away from people. Kate made Bill feel safe. Now Bill knows a bat will not bite him. So now, he's not scared.
